

for **max**100

The Formax100 is an innovative medaesthetic platform designed for multiple aesthetic and medical applications. Employing SharpLight's proprietary Dynamic Pulse Control technology (DPC), the Formax100 enables safe delivery of a range of professional treatments for the growing aesthetic and anti-aging markets. Thermo-electric skin cooling, precise optical filtering and unique energy pulsing assure high treatment efficacy with maximum patient safety and comfort.

DEDICATED TO YOU
SharpLight™

SharpLight Technologies develops products, services and knowledge for the medical and aesthetics industries. The company is a part of American Laser Clinics group, a medical service provider with a large private chain of aesthetic medical centers serving more than 100,000 clients. This accumulated wealth of professional experience has served as the source for the development of SharpLight's unique toolkit that provides solutions that increase business performance by means of technology and complete business concept.

Acne: Ideal drug-free treatment for mild and moderate inflammatory acne. Typical regimen: 8 short treatments over a period of 1 month to reduce papules and pustules by 60-65%.

FormAC415 Acne
15-100ms | 5-15 J/cm² | 415-950nm

THREE IN ONE DPC Technology

Three different pulse configurations in one system, delivering maximum results at all treatment stages for all skin types.

Technology DPC based pulsed light

System cooling Temperature security control (TSC)

Pulses per handpiece Up to 72,000
To be launched Q2 of 2009

Spot size 6.4 cm²

Repetition rate Average 2.5 seconds between pulses (0.4 Hz)

Light source Xenon flashlamp

Skin cooling Peltier/Sapphire

Interface Color touch screen

Dimensions (wxdxh)

56 x 42 x 105 cm | 22 x 16.5 x 41 in.

Weight 73 kg | 160 lb

for **max**100

DPC widens the scope of available light-pulse control for safe and more effective aesthetic treatments. With DPC, pulse configuration can be modified to best suit individual patient characteristics and stage of treatment.

Dr. Betty Czajkowsky, M.D.
Internal Medicine, Aesthetic Specialist
AML Clinics

BENEFITS

Effective solution for all patient skin types

Contact skin cooling to maximize patient comfort

3 selective working platforms for different treatment requirements

Up to 40% reduction in the number of treatments

Safe and reliable

Upgradeable to future clinic requirements

Bizmax clinical, marketing and business maximization package
